Re: Wireless Communication Facility (Cell Tower) Inquiry – 8 Forest Rd.

The Board of Selectmen reviewed your memo of June 17, 2010 concerning the placement of a cell tower facility at 8 Forest Road at their regular meeting of June 21st.

The Selectmen wish to inform you that their first priority for the Forest Road site, as affirmed during their Annual Goal Setting exercise is for the placement of a solar farm to help defray the cost of the Town's electric consumption. We anticipate that Request for Proposals will be issued within the next month and a half for said installation. Given this priority, the Selectmen will not entertain the placement of a wireless communication facility at 8 Forest Road at this time.
